Many children and young people with Autism feel unable to attend a bowling alley for various reasons. However the North Somerset branch have arranged for a game of bowling for 35 children, young persons and their parents and carers at AMF Bowling, Carlton Street, Weston-Super-Mare. They have kindly agreed to turn the machines off to make it a quiet session for us.

Please note this is on a first come first served basis.

Parents & carers are responsible for the young people in their charge at all times
